

Word Problem Delight 104

Do your best! Show all work...

1. In his spider collection, Owen has a number of different species. Owen wants to buy shoes for each of his little creatures. If he buys 632 shoes, how many spiders can he outfit?

When the snow melted in the spring, the search team found Val, alive and well.

2. Porter makes \$3.65 per hour tasting treats at the chocolate factory. If he worked 15 hours last week, how much money did he make?

3. Val was climbing Mt. Munford in a terrible ice storm. She paused at 4012 feet to have a snack. Suddenly she slipped and slid 384 feet down the mountain into a snow bank. What was the altitude of the snow bank?

4. In his workout, Owen lifts a chicken drumstick 532 times. He then hops around the kitchen table 32 times, takes 12 gulps of milk, and lifts the drumstick 245 more times. How many times does he lift the drumstick in all?

5. Caleb was watching his favorite basketball player, Julius Bird, as he played in his final game. Bird played 9 minutes in the first quarter, 10 minutes in the second, and 6 minutes in the third, when he fouled out. For how long did he play?
