

Word Problem Delight 105

Do your best! Show all work...

1. Everyone knows that Honest Hazel's Used Cars is the place to go for a great deal. Just yesterday, they had a 1978 K Car for only \$9,499. That's \$2,500 off the regular price. What is the regular price?

"You have to wear this stick on the side of your head to look cool," explained Owen.

2. When people see Porter on TV, they trust him. Last week he was on an infomercial selling artificial peanut butter. A 5 pack was selling for a mere \$29.99 plus \$6.50 shipping and handling. What was the cost per bag?

3. Sakara was climbing Mt. Munford in a terrible ice storm. She paused at 4,012.25 feet to have a snack. Suddenly she slipped and slid 276.4 feet down the mountain into a snow bank. What was the altitude of the snow bank?

4. In his workout, Caleb lifts a Nutty Buddy 10,532 times. He then hops around the kitchen table 32 times, takes 12 gulps of water, and lifts the Nutty Buddy 3,468 more times. How many times does he lift the drumstick in all?

5. Logan was watching his favorite basketball player, Wilt O'Neal, as he played in his final game. O'Neal played 7.3 minutes in the first quarter, 10.45 minutes in the second, and 6.89 minutes in the third, when he left the building to get a snack. For how long did he play?
