Office Ox Math

1. What if you told the you were in our class and **Office Ox** gave you an extra 10% off on the #A793 calculator...

How much would you save?

How much would it cost with your Room 210 discount?

2. What if the Richmond City government put a 12% tax on notebooks...

How much tax would you pay if you bought 4 notebooks?

What would be your total price with tax?

3. The **Paper Pal** binder regularly costs \$6.50. How much will you pay for it in this week's sale? (read the ad...)

4. If you bought a pack of CD-Rs and used 6% of them as mini frisbees, how many would be left?

5. Loree is opening a new office supply store and she has agreed to call it **OFFICE GOAT**. Thanks Loree, that means a lot to me... Anyway at **OFFICE GOAT** they have Paper Pride one-subject notebooks for a price 20% cheaper than **Office Ox**. What price are they selling them for?
